

# What

Provision of low-cost caskets

Encouragement of cremation

Immediate use of body bags after victims pass away

# How

Temporary morgues

Provide info on efficiency of cremation

# Why

Corpses have a high chance of passing on the disease

Reduced transmission

# What

No travel  
restrictions or  
screening of  
travelers

No closing of  
public events

# How

Only events  
>5,000 people  
Travelling from  
far away

# Why

Public backlash  
heavily outweighs the  
potential benefits

Not very effective  
methods in  
preventing H1N1

# What

Assemble a PR task force

Ensure all reported cases are medically confirmed

Schedule routine press conferences

# How

Use IDSA Task Force

Online case reporting

Use social media and website

Announce press schedule in advance

# Why

Keeps public informed

Helps with accurate case reporting

Avoids panic
